- 4) Review of garden plot exchange policies
- 5) Compost presentation (tentative)
- 6) Next meeting in June
 - Election of officers
 - Review of Policies and Procedures
- 7) Other

Reminders:

- Everyone needs to ensure the gate is kept closed to keep unauthorized persons out. Please be certain to lock the gate when you are the last person to leave. Please be more careful and double check.
- Do not work in another person's garden unless specific notice has been given. Do not harvest from other people's garden plots. Violators will lose their garden plot.
- When the weather gets drier staff is going to make the numbers on garden plots more visible, so please leave a place on your plot free of plants where we can put the number.
- If you have tall plants in your plot, do not let them grow over the fence; keep them inside your garden. The fence won't be replaced.
- Please help conserve water. Please make sure all faucets are turned completely off. Please use a bucket to wash produce and tools. Afterwards pour the remaining water into your plot instead of spilling it in the pathways.
